SERVICE HIGHLIGHTS

學習成果的肯定

2020-2021年度學員表現不論在繪畫藝術或語文學術均獲得不少的獎項，包括於「第九屆世界兒童繪畫大獎賽2020—地球破壞王」及「2020第二十五屆聖誕兒童繪畫比賽」中分別取得幼兒組金獎與金星獎；另外，在國際考試上，學員於不同級別之「劍橋英語基礎考試」中，考獲最高成績的15個盾，又於「KPCC兒童普通話水平測試中」屢獲佳績，成績令人鼓舞。

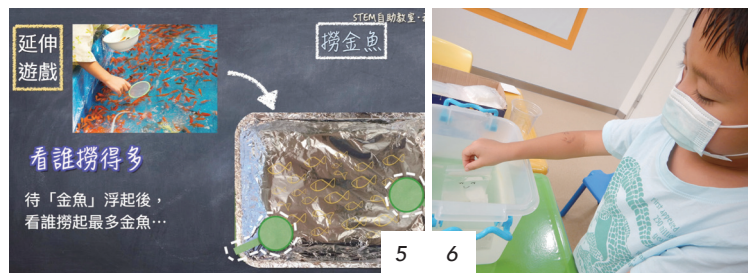

推廣線上學習

因應社會的疫情發展，中心除製作一系列網上教學短片，如英語拼音、STEM實驗及享受親子快樂時光系列外；同時，亦舉辦「All is Well! 幼兒及兒童網上課程Online Course」，教授英語會話、數學增潤等課程，除希望幫助家長及小朋友「停課不停學」外，更希望透過視像軟件與服務使用者增強互動，了解其學習需要與困難，增加服務成效。

Recognising Academic Excellence

In 2020–2021, our students have won many awards in drawing and language learning, including the Golden Award for the Toddler Category in the "9th World Children Art Awards 2020" and the Gold Star Award in the "2020 25th Christmas Children Art Competition". Our students also came out on top in internationally-recognised examinations. For example, some of them scored 15 shields in the Cambridge English: Young Learners (YLE) examinations – the highest accolade possible, while some achieved exceptional results in "KPCC Children's Putonghua Proficiency Test". These results are extremely encouraging.

Promoting Online Learning

As the pandemic continued, we produced a series of online teaching videos spanning a number of topics including phonics, STEM-themed experiments and various fun activities for parents and children to enjoy together. Meanwhile, we also began to offer the "All is Well Online Course", a collection of courses on conversational English and mathematics enhancement, among other content. The purpose is to not only achieve the goal of "continuing learning despite class suspension", but also facilitate interactions with our service users through video conferencing software. This allows us to better understand their needs and difficulties in learning and deliver more effective services.

參與社區服務

因受停課影響，部分幼兒對學習服務需求增加，故中心特別開辦「All is Well! 幼稚園校園『特別企劃』」，主要為學員提供模擬幼稚園上課模式及時間表，訓練其自理能力、溝通能力及社交能力，使幼兒能愉快地體驗校園生活，於復課後能輕鬆跟上校園進度。

舉辦家長講座

去年，我們的學校服務為超過31間學校提供家長講座。因抗疫期間，學校停課時間較長，故涉獵的範疇多與親子遊戲、管教、相處、學習等有關，如：「玩出大變身：情境遊戲+桌遊，玩出發展大能力」、「正向家長管教、正向家長情緒」、「自理與自律」、「化解孩子的對立反抗」等講座，透過視像軟件進行，希望可持續做到家、校、社區互相合作與支援。

Engaging in Community Services

Due to school closures, the demand for educational services has increased among younger learners. Therefore, we launched the "All is well! Kindergarten Special Programme", which serves to offer a stimulated experience of the teaching model and classroom schedule typical of kindergartens. The aim is to teach kindergarten children skills in looking after themselves as well as communicating and socialising with other students, so that they can get a taste of school life and keep up easily once schools reopen.

Organising Seminars for Parents

Last year, our School Services organised seminars for parents from more than 31 schools. Due to the prolonged school closures as part of the anti-epidemic measures, the seminars mostly focused on parent-child play, discipline, parent-child relationship and learning. Examples of the topics included "Developing Abilities through Scenarios and Board Games", "Positive Parenting, Positive Emotions", "Independence and Self-Discipline" and "Raising a Defiant Child". The seminars were delivered online with the use of video conferencing software, in hopes of establishing a sustained network of cooperation and mutual support among the family, the school and the community.
