To encourage social participation in people with disabilities, our service provides diverse learning, socialising, and employment opportunities, as well as promotes equality and respect for all. This year, we successfully developed a new type of vocational training: Digital Textile Printing, which helps our service users to move with the times. Through the inclusive volunteering opportunities and leather-creation programme, the service strives to eliminate misunderstanding on people with disabilities and foster social harmony. Moreover, through numerous creative campaigns, we also demonstrate the energy and talents of people with disabilities.

年度亮點:躍動身心逆風行

2017年的共融盛事「百人手作大聯盟」得到熱烈響應和支持,令團隊更有信心透過大型項目推廣共融。承蒙「滙豐香港社區夥伴計劃2018」贊助,服務於2018年11月18日建構了別開生面的共融平台:「一起踢出逆轉力」。

翠林綜合職業復康服務學員及德田幼稚園學生帶領參加者以創意運動宣揚共融和生活正念,圓滿匯聚450位傷健人士參與這場跨能力、跨年齡和跨界別的運動。我們更發揮協作精神,成功邀得Happiplayground提供插圖設計供翠林學員製成大會T恤,讓參加者擁有這件滿載欣賞和關愛的成品。

Light-spot of the year: Overcoming Adversity through Vibrant Living

In 2017, our signature event, the "Inclusive Alliance cum Funfair", received a large amount of positive feedback and support, which helped to grow our confidence in promoting inclusion through large scale programmes. On 18th November, 2018, with support from the "HSBC Hong Kong Community Partnership Programme 2018", the service built an innovative platform for inclusion called "Kick off the resilient power together".

Emphasising the participation across all abilities, ages, and sectors, the campaign assembled 450 able-bodied and disabled people to take part. Service users from Tsui Lam Integrated Vocational Rehabilitation Service and children from Tak Tin Kindergarten performed innovative exercises that promoted inclusion and energetic beliefs. In collaboration with our new partner, Happiplyground, Tsui Lam service users made T-shirts printed with cartoon characters of Happiplayground which they could keep as souvenirs. For all involved, it was clear that the T-shirts were made with love and appreciation.

勇於挑戰 突破潛能

皮革製作已經成為翠林學員引以為傲的工藝,他們的巧手卻沒因此停步,而是繼續發展另一個強項:數碼布藝印刷。感恩同事的決心和學員的嘗試,業務首年已網羅了23間公司支持我們的新產品。

另一方面,我們亦促進殘疾人士投身職場,本年 度招募了10位新僱主聘用殘疾人士;截至2019 年3月,有43%服務使用者正在公開就業,成績 令人鼓舞。

Welcome Challenges, Unlock Potential

Tsui Lam service users are extremely proud of their work, especially the fabrication of leather products. However, instead of resting on their laurels, they have forged ahead and developed their skillset further by participating in the Digital Textile Printing. We would like to extend a big thank you to our colleagues' determination and our service users' courage. In the first year alone, we have successfully received the support of 23 companies.

In promoting open employment opportunities for people with disabilities, 10 new companies have employed our service users. As of March 2019, 43% of our service users were employed, which is very encouraging indeed.
