義務工作推動生活共融

義務工作是組成包容社會的其中一個重要部分。 「共融義工」歡迎多樣化經驗和不同能力人士一 起貢獻社會。在內外資源的配合下,服務建構了 三個創意平台撮合社區人士和殘疾人士共同參與, 創造更大的社會凝聚力:

- 感謝「新地義工TEAM力量」協作「weCare 共融義工計劃」,由新地義工擔任教練,陪同殘 疾青年服務長者,建立助己助人的健康生活。
- 「創邦善心社」資助的「共享餐桌」推行了9次活動,招待「真光苑長者日間護理中心」及「智活記憶及認知訓練中心」的長者於Home Café免費用餐,並由「古仔義工隊」聯同殘疾人士一起關懷出席的長者。

Promoting Communion in Daily Living through Volunteering

Volunteering is essential in an inclusive society. The 'Inclusive Volunteering Scheme' has recruited volunteers with diverse experiences and abilities to contribute to society together. With the support of internal and external resources, the service has built three innovative platforms to connect the general public to people with disabilities for collaborating and generating increased social cohesion:

- We thank the 'SHKP Volunteer Team' for collaborating in the 'weCare Inclusive Volunteering Scheme'. SHKP volunteers and our young service users took care of elderly people and gave coaching on how to lead a healthy life and help others.
- The 'FFG Charity Society' supported a project named 'Table for All', in which 9 programmes were implemented. Members of the 'True Light Villa Day Care Centre for the Elderly' and 'Mind Delight Memory & Cognitive Training Centre' enjoyed a free meal at Home Café, where Louis Koo's volunteers and our service users waited on the elderly people.

 單位組成「桌遊義工團」推動學員使用個人 能耐與不同社群互動,通過一起玩桌面遊戲去 關心同路人,探訪精神科日間醫院的院友。

▲ 義工親力親為,祝福長者健康和快樂。
Our volunteers are committed to bringing health and happiness to the elderly.

 A 'Board-Game Volunteer Club' was formed to motivate our service users to make the best use of their strengths and interact with different communities. Our users visited the Psychiatric Day Hospital and played board games with the patients.

▲「共享餐桌」建立社區的凝聚力,以關愛連結 社區義工、殘疾人士和長者。 'Table for All' is intended to build cohesion in the community and connect volunteers, people with disabilities, and elderly people through love and care.

故事創造好城市

有感染力的故事能夠連接社群,把人與人之間的關係拉近。服務使用者透過探索和整理自身經驗,允許他人從故事中看到和理解殘疾人士的需要和觀點。本年度,團隊積極應用不同媒介促成超過70場次的分享平台,包括:

思藝手作導師分享如何應對病患的挑戰,受眾包括企業員工及中小學生,導師們認同從小教育兒童認真看待共融,意義更加深遠;

Stories Creating Better City

Impactful stories can connect people and bring them closer. By exploring and collating self-experiences, service users' own stories can enable others to see and understand the needs and perspectives of people with disabilities. This year, the team has connected various media and held more than 70 storytelling sessions, including the following:

 A-Soulroom instructors shared their experiences of coping with mental illness. The audience included enterprise workers, primary and secondary school students. The instructors recognised the value of inclusive education for children and agreed that the service impact will become more profound.
